I'm hoping

to have

a chick...

real Quick!

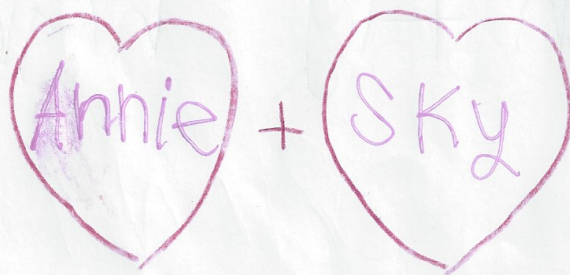

Because my
population is
dying. (Probably
due to so
much flying.)

I need
to find a
mate that is
great, And

I heard of
a curlew
named Sky that
can fly high.

maybe he
could be my
mate.

I will
ask him
on a
date.

I will
teach him
to find
worms

in all
the grasses
and the ferns.
